Greetings from Leominster Consulting & Tax, LLC,

I have greatly appreciated the opportunity to continue to get to know many of you throughout the past year and learn about your families and businesses. Our office has stayed busy, updating our procedures and knowledge in regards to recent tax changes. We focus on helping clients stay compliant, reduce risk, and make informed financial decisions. We are happy to have Dave Singleton back again for tax season assisting with businesses primarily, and he is excited to reconnect with clients and friends. Additionally, senior staff member Luke recently passed his CPA exams, which will help us to continue to provide the same level of quality you expect from our office. I also wanted to highlight the unsung heroes- Dave #2, Tracy & Gabby that round out our fabulous team.

A brief note from the owner, Alexander P. Ryan:

Alex is a CPA with 18+ years experience and a resume that includes Deloitte, Boston Consulting Group & jumpstarting a number of successful local companies, including Leominster Consulting & Tax in 2022 and Central Speech Therapy in 2020. As a Leominster native, who moved back from Boston in 2015 to raise a family of his own, he is deeply invested in the community. Alex strives to work hard to provide you the best possible services for your money.

In his "spare" time, he coaches soccer, basketball, hockey (as a spare) and enjoys spending time with his family and traveling.

Individual, Small Business, & Rental Property Templates & Checklists have been updated in order to assist in your tax preparation & accounting needs.

Did you know that tax planning and advisory services are supplemental to your annual federal & state tax form preparation/filing? These fee-based services are intended to provide significant tax savings to you and avoid costly mistakes. Our goal is always to save our client money far beyond the fees that we charge for these services.

In addition to tax return preparation & tax advisory, we provide advisory for general business management, purchase & sale of businesses, accounting management & operational structure. Please Inquire, if interested, in the supplemental services.

The One Big Beautiful Bill Act (OBBBA) passed in July of 2025 creates a number of IRS tax changes. Key features for individuals include making many tax cuts from the 2017 Tax Cuts and Jobs Act permanent, and introducing new and increased tax deductions. Specific deductions impacting individual tax returns include increased state and local tax deductions (up to \$40,000 now), and deductions for interest on new car loans. Some taxpayers over age 65 will receive an additional \$6,000 tax deduction (depending on income). The child tax credit (16 and younger) increases to \$2,200. Tipped employees can be eligible for an additional \$25,000 deduction. Overtime wages can be eligible for an additional \$12,500 (single) or \$25,000 (married) deduction.

Our goal is to form lasting relationships with our clients for years to come. Don't hesitate to contact us if you have any questions/concerns. We wish you and your family a happy 2026.
